About Us

Tamlite Lighting continue to offer a superior range of products and services within all sectors of the Lighting and Fire Detection market to provide best value, best solution and a complete package for designers, architects and installers throughout the U.K. and Ireland.

Lighting for work and lighting for play or lighting for night and lighting for day. Tamlite Lighting have 40 years of experience in providing lighting solutions for everyday needs. The dedication and skills of our 'Lighting Team' are the key asset in creating a lighting environment that is functional, comfortable and practical.

All products are distributed through the UK's largest network of wholesale outlets: City Electrical Factors with over 400 branches in the British Isles and almost 1000 more premises in mainland Europe, the Middle East, North America and Australia.

Each branch provides the customer with a service that is second to none as well as stocking a wide range of Tamlite Lighting products.
